ABOUT THE DOMAINE

CK Mondavi and Family was founded by Cesare and Rosa Mondavi, who moved to the Napa Valley in 1943. Winemaking was an important part of their Italian heritage and together with sons Robert and Peter, they created CK Mondavi and Family in 1946. For four decades, CK Mondavi and Family was led by Peter Mondavi, Sr. and his sons, Marc and Peter Jr. After Peter Mondavi Sr. passed away in 2016 at the age of 101, Marc and Peter Jr. continued to work side-by-side with their wives and children to continue the family's legacy. CK Mondavi and Family's winemaker, Randy Herron, brings 22 years of experience in winemaking: He's worked with growers and managed teams to take the grapes from harvest to bottling—at wineries as far flung as Texas and Australia. Today, they remain family-owned, continuing a wine legacy that will last for generations to come.

WINEMAKING

CK Mondavi have 100% control of their fruit: sourcing from our 1,850 acres of estate vineyards in Dunnigan Hills, CA (located in Yolo County, northwest of Sacramento) as well as from long-term family winegrowers, most of who have partnered with the family for decades. Sustainable farming methods are employed in all vineyards.

TASTING NOTES

Brilliant clarity and offers subtle aromas of lemon, kiwi and herbaceous notes. Flavors of grapefruit and citrus make this crisp, refreshing wine a food-friendly favourite
