2022

ABOUT THE DOMAINE

Domaine du Peras is an independent vigneron in Abeilhan, 15 kms north of Beziers. Not only does Mathieu Merlet, the owner/winemaker, like to focus on single grape varieties in order for the consumer to know what is in the glass, but he goes as far as harvesting at night time in order to keep the freshness, and the fruitiness, in the wine rather than the oxidised touch or cooked fruit taste which can be found in so many wines of the region.

WINEMAKING

Grapes are always harvested at night to maximise freshness and fruitiness. Vinified in stainless steel tanks using short skin maceration methods. No ageing. The 2022 vintage in Pays D'Oc was stunning, the region has experienced favourable weather conditions, with a warm and dry spring leading to early flowering. The summer was also hot and dry, with some rainfall in August that helped the grapes reach maturity. The average age of the vines are between 5 and 10 years. Sustainable viticulture practices.

TASTING NOTES

The nose has floral notes with aromas of raspberry and grenadine. This rosé is a wonderfully refreshing and easy drinking summer wine.
