ABOUT THE DOMAINE

Born and raised in France, from a Calvados family, Christophe Durand moved to Cape Town in 1995. Initially working as a supplier of premium French wine barrels, he became more and more involved in winemaking, eventually combining his knowledge and passion for fines wines to create Dorrance Wines. A strong proponent of tradition, Christophe's philosophy is to interact as little as possible with the grapes, leaving each cuvee to reflect the elegance of its terroir. The Dorrance portfolio includes stunning vineyards from across the Western Cape.

WINEMAKING

Grapes for our decomposed Granite dry land vineyard were picked in the early morning from our single 42 years old Chenin Blanc bush vines from the Swartland region & Franschhoek. Those deep soils tend to produce wines with great acidity and low pH.

TASTING NOTES

Rich, balanced mouth filling. Flavours of baked apple, almond paste & honey. Intriguing spicy palate with a round soft texture & a clean lemony zesty thread. Full of elegance.
