

Peccavi Cabernet Sauvignon

COUNTRY	REGION	GRAPE	VINTAGE
Australia	Western Australia	100% Cabernet Sauvignon (from Bordeaux clones 191 and 337)	2016

ABOUT THE DOMAINE

Peccavi is a small boutique vineyard located in Western Australia, in the 'sweet spot' sub-region of the Yallingup ridge, in the north of the Margaret River region. All the Peccavi Wines are estate grown, handpicked, handcrafted and see only the finest French oak. Peccavi is notably one of the first Australian vineyards to have the same new clones being used by the greatest Estates of Bordeaux. The Estates viticulture practices encourage vine roots to dive deep into ancient granite, ultimately concentrating flavours in the fruit and adding natural mineral characters to the finished wines. Today, owner and founder of Peccavi wines, Jeremy Muller, produces wines which offer beautiful structure, balance and aroma complexity throughout a range of whites and reds.

WINEMAKING

A beautifully structured pure Cabernet of intensity and balance. Dense and deep with dark fruit and dried herbs on the nose, lifted by scents of violets and cigar box oak. It is medium to full-bodied with well-balanced softly dusty tannins, it is complex and concentrated, deeply flavoured with depth of fruit that is long, lingering, and rich finishing with power and strength. Has remarkable fruit, stony and mineral qualities.

TASTING NOTES

Peccavi 2016 Cabernet Sauvignon - a pure Cabernet of intensity and balance. The 2016 season yielded fragrant fruit with silky tannins which has translated through to beautifully structured wines. This cuvee is harmonised in 45% new French oak barriques for 18 months, before bottling in November of 2017.
