ABOUT THE DOMAINE

Nikolaus (Nik) Weis is the third generation of the Family to tend vines since the St. Urbans-Hof estate was founded in 1947. Nikolaus was awarded the prestigious title "Oekonomierat" (Chancellor of Agriculture) in 1969 for his dedication to the wine culture of the country. Nik has established St. Urbans-Hof as one of the leaders in quality and innovation among German wineries. The estate produces year after year Rieslings that capture the individual terroirs of the estate's vineyard sites. To achieve intense and well-structured wines, yields are kept at low levels, grapes are harvested as late as possible and all grapes are handpicked and carried from the vineyard in traditional shoulder-mounted containers. Their highest priority is to maintain the ecological balance of the vineyards, led by their strong recognition of the fragile unity of viticulture and nature.

WINEMAKING

The vineyards site, Ockfener Bockstein, has hard, gravelly slate rock, which has a very fine powdery surface easily absorbed by the vines roots. The top of the hill is densely covered with forests, which collects through the vineyard soil, preventing water stress of the vines. Fermented by indigenous yeasts in large oak casks.

TASTING NOTES

Full bodied wine. This wine is rich, complex and multi layered with an exceptional ageing potential of several decades. The floral and spicy notes, are reminiscent of minerality, wild flowers and citrus flavours.

TECHNICAL NOTES

Alcohol by volume
8%
