ABOUT THE DOMAINE

Nikolaus (Nik) Weis is the third generation of the Family to tend vines since the St. Urbans-Hof estate was founded in 1947. Nikolaus was awarded the prestigious title "Oekonomierat" (Chancellor of Agriculture) in 1969 for his dedication to the wine culture of the country. Nik has established St. Urbans-Hof as one of the leaders in quality and innovation among German wineries. The estate produces year after year Rieslings that capture the individual terroirs of the estate's vineyard sites. To achieve intense and well-structured wines, yields are kept at low levels, grapes are harvested as late as possible and all grapes are handpicked and carried from the vineyard in traditional shoulder-mounted containers. Their highest priority is to maintain the ecological balance of the vineyards, led by their strong recognition of the fragile unity of viticulture and nature.

WINEMAKING

Harvested by hand in several steps. Then gently pressed and fermented with indigenous yeasts before the young wines rest for several months in stainless steel tanks. The age of the vines are between 40 to 100 years old.

TASTING NOTES

Dry premium Riesling with a fresh character of ripe exotic and tropical fruits, blackcurrants and citrus flavours, accompanied by spicy and herbal notes, almost salty minerality. The dry but not bone dry style of this wine allows the ripe fruits and mature acidity to develop completely in front of a deep and complex structure and profound body. After some years of bottle aging, its taste will move from the fruity and fresh side on which the minerality and spiciness will get stronger.
